VOLUME CVIII.--NO. 111. ALEXANDRIA, VA., THURSDAY EVENING, MAY 9, 1907. PRICE 2 CENTS.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and $1.00.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Sisters Attempt Suicide.

Mrs. Henry Stultz and Miss Nellie Greenstreet, sisters, of Richmond, made an attempt at suicide yesterday morning by jumping over the side of the Old Dominion steamer Berkley, and were saved from drowning by the timely watchfulness of the steward of the boat and a colored waiter who caught their gowns just as they disappeared over the side.

The two women, who are little more than girls, left Richmond Sunday night aboard the steamer Berkley in company with John Miller and George Wright. The registered in the ship's passengers list as husbands and wives, it is alleged. They remained in Norfolk until Tuesday night when they returned to Richmond on the steamer.

Just as the passengers began to leave the ship at Richmond the two women saw their father waiting for them at the gangplank, and they rushed back through the saloon, up to the deck, and over the rail before any one could stop them. Just as they were dropping over the side the steward saw what they were doing, and, calling a negro waiter, grabbed their dresses. The women fought desperately, and it was only after a prolonged struggle that they were taken to a state room.

Miller ran from the steamer and escaped, but was captured and hour later by the police.

Mrs. Stultz and Miss Greenstreet became frantic when they learned that they would have to be locked up, and refused to come out of the state room in which they had been placed. Mrs. Stultz in particular fought desperately to keep the policemen away. Miss Greenstreet fainted soon after she started for the carriage which was waiting.

Miss Greenstreet, besides her father and mother, had to face her fiance before she was taken to the police station. After the first salutation the young woman burst into tears and declared that she had not realized the enormity of her offense when she left the city with Wright. She begged forgiveness. The young man said he forgave her. He said that he would marry her as soon as the trouble was over, and that he did not believe that the girl was conscious of what she was doing when she left the city with Wright.

Thrilling Scenes at a Fire.

As the result of fire in the University Building in Kansas City, Mo., yesterday, six persons are missing and their bodies are probably buried in the ruins, one was killed by leaping from a fifth-story window, and at least fifteen persons were injured. The property loss is $250,000.

The fire started in a basement store room, close to the only elevator in the building. Ten minutes after the fire broke out the flames began shooting up the elevator shaft and all outlet save by the fire escapes was shut off. The halls quickly filled with a dense, suffocating smoke, and ten minutes later, when the first fire apparatus arrived on the scene, people crowded almost every window appealing for help, while scores of others, mostly women and girls, filled the fire escapes, and were scrambling to the ground.

When the alarm of fire was first sounded, fifty society women, who were holding a meeting in the Athenaeum rooms, thought that it was a joke, and they made no effort to leave. A moment later, as the room filled with smoke, there was a wild scramble for the exits. All the women escaped with little hurt by using the Locust street fire escape.

There were many thrilling escapes. Miss Helen Barnes, who had a studio on the fifth floor, stood at a window calling for help while flames played within a few feet of her. A ladder failed to reach the window. A firemen stretched out an iron rod and the woman slid down the rod to the ladder.

Disorders in New York.

Owing to reports which had been in circulation that strike-breaker James Farley was in New York and supplying men to the steamship lines, the striking longshoremen were on the lookout for him and a man who was taken for Farley was mobbed and beaten yesterday by a frantic crowd of strikers. The reserves of the Charles street station had to be called out to save the man from being torn to pieces by the mob, and he was taken to the station house until the excitement cooled. The man who is said to resemble the boss strike-breaker very closely is Carl Bartsaed, a resident of New York.

Another disturbance took place when two big floats carrying about 200 strike-breakers each left pier 5 for the Brooklyn docks. As they passed the piers about twenty-five strikers collected and sent a shower of brickbats and other missiles after the strike-breakers.

The heads of the trans-Atlantic steamship companies involved in the strike decided yesterday that they would not pay the wages demanded by the strikers, and they will fight the strike to a finish first. The demands are considered unreasonable.

One man was seriously injured in a clash between strike sympathizers and workingmen at the plant of the Havemeyer Sugar Refining Company in Brooklyn yesterday. When some of the men who remained at work after a strike was declared at the refinery attempted to leave the plant yesterday, they were attacked by a crowd which had gathered near by, and in the fracas which ensued an Italian suffered a fracture of the skull. The police quickly suppressed the disturbance.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

NEW MACKEREL just received by J. C. MILBURN.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

THURSDAY EVENING, MAY 9, 1907.

SECRETARY WILSON, in a recent address before the American Club, at Pittsburg, referred at considerable length to the work the department is doing toward the development of the production of alcohol for industrial uses. He said, "No more coal is being made. Our wood fuel is getting scarce, and the supply of mineral oils will some day cease. It is high time we were looking about for sources of light, heat and power. Other countries are doing this. Alcohol meets the requirements, and starchy plants yeild alcohol. One of our explorers last year found the Siberians, at Tomsk, growing a large variety of potato for the alcohol it yields. He brought back half a ton of them, which will be distributed this spring among the experiment stations." He made the further statement that corncobs made eleven gallons of alcohol to the ton, and sweet cornstalks seven, and that alcohol could be made from unmarketable fruit and vegetable matter and many refuse plants, and he thought the time was surely coming when the people remote from wood, coal or oil would arrange to grow plants rich in starch for their supply of light, heat and power.

Necessity is the mother of invention, and with coal at eight dollars a ton and wood of but trifle less a cord the discovery of a cheaper fuel is awaited with anxiety.

MORE than 93,000 pensions have been passed upon by the pension bureau under the McCumber service pension act. So far there have been 330,000 applications filed and the bureau is grinding them out at the rate of 1,500 a day. Pension bureau officials believe about 70,000 more applications will be filed within the coming year. The promises in Congress semi-occasionally that the high water mark in pensions had been reached seem to be made only to be broken. The members of the G. A. R. will see to it that there are no reductions in the pension rolls if they can prevent it.

AT YESTERDAY'S session in Philadelphia of the Protestant Episcopal Convention of the Diocese of Philadelphia a resolution to instruct the delegates to the next general convention of the church at Richmond in October to favor a revision of King James's version of the Bible was defeated after a long debate. The vote was 160 to 108. The action of the Pennsylvania Episcopalians is to be commended. If the Bible is to be revised at the whim of every dissatisfied churchman there will soon be nothing of it left. Old time religion is good enough to stand for many years yet.

THE open declaration of George B. Cox, the Ohio political leader, for the endorsement of Secretary Taft for the Presidency is regarded as the final knock-out blow to the Presidential aspirations of Senator Foraker. It is the signal for a scramble to the band-wagon, and a notification to all the other States that Ohio's delegation to the next national republican convention will be solidly and earnestly for Taft. The President wants Foraker eliminated entirely from national politics and especially to have him retired from the Senate. The war on him therefore will be continue.

CHARLES M. SCHWAB, in an interview, says that if the labor troubles in San Francisco continue that city's manufacturing industries will be ruined. It seems strange that the sensible working men in San Francisco do not get together and put a stop to the disgraceful proceedings now being enacted there and which, as Mr. Schwab says, must inevitably bring ruin to that city.

THE French government has finally rejected the new form of meat certificate used under the American pure food law, and again requires the microscopic examination of all American meats.

SINCE Senator Foraker has capitulated an early closing of the Brownsville fiasco may be expected.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 9.

James Brown Reynolds, who has been investigating the affairs of the District of Columbia for the President, has submitted to him a report in which he favors a change in the form of the District government. Summarized, the recommendations are: The extension of the civil service to cover all minor offices in the District of Columbia; the creation of the office of governor at a salary of $10,000; the creation of departments of health, police and fire, buildings and public works, street cleaning, charities, commissions, and housing and labor to be conducted by commissioners, who will receive salaries of $5,000 each; a citizens committee of 100 to represent all general civic interests. The President has not yet taken any action upon the recommendations.

The Attorney General today gave President Roosevelt full credit for granting a pardon to William January, the American Valjean. He announced that he had recommended a commutation. The President thereupon expressed a desire to pardon January, which would restore to him the rights of citizenship. When the Attorney General was advised of the President's wishes, he changed his recommendation to conform with them.

"Trust-busting" machinery of the Department of Justice has been revised. By direction of the President, the agressive policy inaugurated by Mr. Knox in forcing a dissolution of the Northern Securities Company, and pursued by Mr. Moody in the suit against the Standard Oil Company, has been adopted by Attorney General Bonaparte. The papers in a number of important cases, notably those of the harvester and tobacco trusts, which have been lying for several months upon the Attorney General's desk for action were considered by Mr. Bonaparte as soon as the reports that he had been shirking his duty reached the President. Mr. M. D. Purdy, the chief "trust-buster," who has now been assistant to three attorney generals, returned today from New York city, where he conferred with Judge McReynolds and the district attorney relative to prosecuting the tobacco trust. It is understood that a special conference between the Attorney General, Mr. Purdy and other officers of the department with the President will be held at the White House today at which it is the President's intention to go over the trust cases carefully and to define a trust policy under which the department may operate, as it did under Mr. Bonaparte's predecessors.

An epidemic of murder and suicide has been sweeping over Washington this week. In the past four days there have been two murders and six suicides. Today Mrs. Christine L. Forter, aged 36 wife of the superintendent of the reform school cut her throat with a butcher knife at her home. She was taken to the Emergency Hospital, where it is believed she will die. She has been an inmate of the asylum. Another attempt at suicide was reported to the police later in the day. Charles Rose, a photographer employed by the Geological Survey, drank a quantity of chloroform, and was taken to the Emergency Hospital in a serious condition.

Escorted by Lieut. Gen. Arthur McArthur, the highest officer of the American army and welcomed at the Pennsylvania station by Maj. Gen. J. Franklin Bell, chief of staff of the army, with a squadron of the Thirteenth Cavalry from Fort Myer, and by Viscount Aoki, the Japanese Ambassador and his staff, Gen. Kuroki, the hero of the Yalu, and his staff, arrived here today from Pittsburg and Chicago for a series of brilliant State entertainments, on their way to the Jamestown Exposition. The visitors were taken in carriages directly to the New Willard Hotel, where breakfast was served. Exchange of courtesy visits took place between them and the Japanese Embassy and the War Department later in the day. Ambassador Aoki presented Kuroki and his fellow officers to Secretary Taft who recognized several members of the party whom he had met in Japan. During the rest of the week the party will be given an elaborate series of official entertainments, including a dinner at the White House Saturday night.

The "friend" for whom John L. Sullivan appealed to the President and Secretary Taft yesterday, to liberate from the military prison at Governor's Island, New York, will, in all probability continue to do time. It was his nephew and name sake, John Lawrence Lenn, for whom the ex-champion appealed. Young John L. was following the profession of marine in the service of the United States. He left his command down in Cuba one day, to go to a British cruiser, "to get some American food," Old John L. was not able yesterday to explain exactly what it was that led him to do such a thing, but he was dead sure it was not a case of desertion, as the court martial found, and so told the secretary and the President.

President Roosevelt has consented to become honorary President of the American School Hygene Association.

Death of Colonel John Scott.

Colonel John Scott died at his home in Warrenton, May 7. He was eighty-seven years old in April. He was a son of the late Judge John Scott, of this county, and the last survivor of that talented family. He was a man big enough to be discussed from the standpoint of truth on his own merit and without regard to the ordinary stereotyped phrases generally used about the dead. He wrote books on the science of government that contained much of the highest human thought. He was educated in private schools and at the University of Virginia.

Early in life he married Miss Caskie, of Richmond, who preceded him to the grave some years ago. They had two daughters and three sons, all of whom survive him. He was the organizer and first captain of the Black Horse Company.

He was for years the Commonwealth's attorney for Fauquier county. It was while holding this office that he was imprisoned by Federal Judge Bond for disobedience of an injunction of the federal court which he did in obedience to a Virginia statute, choosing rather to be imprisored than to be disloyal to Virginia.

His funeral will take place from the Catholic Church in Warrenton Friday morning at 11 o'clock.—[Warrenton Virginian.

Virginia Divorce Invalid.

Judge Dowling in New York Wednesday decided that the decree of absolute divorce obtained by Mrs. Eva B. N. Ransom against Porte V. Ransom, son of the former surrogate, in Virginia, in September, 1901, is not valid in New York. He granted Mr. Ransom a decree from his wife.

Service of Mrs. Ransom's complaint was made on the defendant by publication in Virginia newspapers and he was not notified of the taking of evidence.

In February, 1906, Mrs. Ransom was married to George L. Browning, of Madison county, Va., and Mr. Ransom alleged that on account of the failure to notify him of his wife's action he was never divorced.

The couple were married in New York in 1890, and in May, 1898, Judge Dowling states, "by reason of plaintiff's habits, defendant was obliged to leave him." Later in the same year she resumed her domicile with him, but in 1899 she again left her husband and took up her residence with her children in Virginia where she has since lived. Two months after his wife's second marriage Ransom commenced his action to have his matrimonial status determined.

TAFT AND FORAKER.

A dispatch from Cincinnati says W. H. Taft for President, J. B. Foraker for United States Senator and A. L. Harris for Governor is the programme advised by George C. Cox, formerly republican leader in Hamilton county, Ohio. Reports from Columbus and Washington had named Mr. Cox as engaged in negotiations looking toward a compromise between the Taft and Foraker forces, but Mr. Cox denied such suggestions. As to the Ohio situation he said:

"I give my views as a private citizen. In my judgment, the time has come when, for the good of the republican party, something should be done. We are on the eve of next fall's election. Nothing should be done to endanger party success. Two years ago we had factional differences in the party and our ticket went down in defeat. Our differences should be settled within the party and we should go forward as one man to victory all along the line.

"The nomination of good, clean men for the municipal offices means their election, and party success next fall will be the foundation for next year's work.

"We must carry the Legislature next year to elect a United States Senator and get much-needed legislation, and must elect a Governor and other State officers. The way to do all this, I believe, is for all republicans to put their shoulders to the wheel in their neighborhoods and see to it that none but true republicans represent them.

"Our watchword should be 'success of the republican party,' and to achieve this we should support Taft for President, Foraker for United States Senator and A. L. Harris for Governor."

"What about your personal differences with Secretary Taft?"

"I know of no personal differences. There may have been some political differences, but they are things of the past and will not be permitted to stand in the way of party success.

"My friends, I trust, will be for Taft for President, Foraker for Senator and Harris for Governor."

When the attention of Senator Foraker was called to the statement, he said:

"I have just read what Mr. Cox says. If I understand him correctly he makes a specific recommendation, addressed to the republicans of Ohio, as to what their action shall be in the convention next year. I am not sure it calls for any response from me, but I will repeat that I do not want any political honors at the hands of the republicans of Ohio except with their hearty indorsement. Therefore, if what Mr. Cox suggests and recommends should meet with their approval no one will support Secretary Taft more cordially than I shall."

THE TWO CENT RATE.

United States Circuit Judge Pritchard in Richmond last night granted an injunction and restraining order in the suit of the Southern Railway Company against the clerk and members of the corporation commission of Virginia thereby preventing them from publishing their order putting the 2-cent passenger rate in effect in this State. The bill is made returnable before Judge Pritchard, in Asheville, N. C., on June 27. At the same time Judge Pritchard granted a similar order in the suit of the Southern Railway Company against members of the corporation commission, the attorney general and the assistant attorney general of North Carolina, in the same way restraining those officials from publishing and putting into effect the new law providing for a passenger rate of 2½ cents. The North Carolina bill is returnable before Judge Pritchard, in Asheville, on June 26. The North Carolina suit refers to both passenger and freight rates. While this matter is thus brought to a head by the Southern road it is said upon what seems to be high authority that other transportation companies affected will come in as parties.

So far as the Seaboard Air line is concerned, there is to be no question about prompt acceptance of the 2 cent rate order of the Virginia State corporation commission. This statement was made at the office of President W. A. Garrette, of the Seaboard, in Portsmouth yesterday. It was further stated that the Seaboard is preparing to be guided by the order in making its rates for travel within the State of Virginia, and that it has accepted the ruling of the commission without question. It is understood that the Seaboard was strongly advised against taking the order to the courts, on the ground that the people are not in humor to stand furthur opposition on the part of the roads toward the commission.

Judge Thomas G. Jones, of the United States Court, at Montgomery, Ala., yesterday granted preliminary injunctions, on the part of ten roads in Alabama, restraining the State from putting into operation the new rate laws. The roads which secured the injunction are the Atlantic Coast Line, the Seaboard, the Central of Georgia, and the Western of Alabama, the Alabama Great Southern, the Southern, the Mobile and Ohio, the Atlanta and Birmingham, the 'Frisco, and the Nashville, Chattanooga and St. Louis. The laws resisted make rates issued January 1 the maximum rates, fix rates of 110 articles, classify the roads, and provide for the abrogation of license of any road removing a case from the State to the federal court. The question of a master will be determined on the first motion day, the first Tuesday in June.

Romantic Wedding.

A pretty romance was ended in Washington Tuesday evening, when Miss Ida D. Drumgold, aged 22 years, a former nurse at the Strasburg Hospital, was united in marriage with William Franklin Weaver, aged 28, of Macanie, Va., by Rev. Dr. Donald G. MacLeod, in his study at the First Presbyterian Chuch, John Marshall Place.

While Miss Drumgold was on duty at the hospital she was sent out on private work, and while she was nursing a friend of Mr. Weaver the young couple met. It was love at first sight, and when the nurse went back to the hospital young Weaver found many excuses to visit the institution. On her graduation last January Miss Drumgold came to Washington. Monday Mr. Weaver also came to Washington. Tuesday they were married.

Today's Telegraphic News

Sale of Railroad Bonds.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., May 9.—The Richmond, Fredericksburg and Potomac Railroad Company has sold $380,000 of 3½ per cent. 40-year gold bonds to the Richmond and Washington Railroad Company to provide funds to pay for the Richmond, Fredericksburg and Potomac portion of the cost of double tracking the belt line around Richmond and to buy new rolling stock. The Richmond, Fredericksburg and Potomac will purchase immediately 100 new steel coal cars and 200 new steel under frame box cars. On July 1 the per diem hire of freight cars will be increased from 25 cents to 50 cents, so that the new cars should earn at least $45,000 new money against an increase in fixed charges of about $14,000; thus the net earning of the Richmond, Fredericksburg and Potomac will be increased by about $31,000 per annum by the transaction. The increase per diem charge on freight cars will also tend to increase the supply of freight cars.

The Strike in New York.

New York, May 9—Further rioting is regarded as certain today on the longshoremen's strike when non-union men are put to work. There were a few minor clashes early today, but the police charged the mobs and soon had the upper hand of the situation. Reserves are being held in readiness in all stations.

Fully a thousand strike breakers from up-state, Canada and the West, arrived this morning. Most of them are Italians.

Several of the smaller steamship lines have acceded to the demand of the strikers, but the largest companies say they will fight a finish. These companies, are importing the strike-breakers and before night it is believed fully 5,000 men will be on hand to take the strikers' places. The congestion of freight on the piers and in the unloaded steamships grows and it is stated that the monetary loss is $100,000 a day.

A report was received at police headquarters shortly after 10 o'clock that a steam launch loaded with strike breakers in the longshoremen's strike had opened fire on union strikers on the dock of the Clyde Line at Canal street. Reserves from all the surrounding stations have been hurried to the scene. By the time the police arrived the trouble had blown over.

More serious trouble occureed near The White Star docks on West street, Manhattan. Three hundred strikers attacked 150 non-union men who were being marched onto the docks to unload the Majestic, which had just docked. Clubs were used freely and a few missiles were hurled. Half a dozen strike breakers were knocked down in spite of a charge by the police on the struggling mob.

Then the non-union men broke and fled through the side streets. Victorious strikers pursued them and there were a dozen individual fights as the non-union men were overtaken. A score of men were badly hurt before the police could quell the disturbances and many were bruised and beaten.

Half a dozen times during the day the police received hurry calls to other docks to disperse crowds which had attacked strike breakers. The strikers were kept moving, however, which kept down the number of outbreaks.

Wrecked Steamer Peoitou.

Montevido, May 9.—Two score or more passengers and sailors still on the wrecked steamer Peoitou, which went aground yesterday on the rocks off San Jose Ignacio, are reported to be in extreme danger today, owing to the sudden increase in violence of the storm which drove the vessel ashore. Several steamers have gone to the rescue and workers on land are doing everything possible to take off the menaced passengers, but it is feared the steamer may go to pieces at any moment and all be lost. It is now said the death list will not number more than 100, even if none of the passengers now on the steamer is saved. The panic which followed the grounding of the steamer was responsible for most of the deaths caused so far. Many of the passengers rushed on deck and plunged into the sea. Some of them were able to swim to shore, but scores are said to have perished.

Recommend Colored Missionary Bishop.

Philadelphia, Pa., May 9—Swayed by the eloquence of Rev. Henry L. Philipps a colored clergyman, who is rector of the Church of the Crucifixion, the Episcopal diocese of Pennsylvania at the closing session of its annual convention almost unanimously voted to recommend the election of a colored missionary bishop. The question of having colored bishops is one which has been a subject of debate for a number of years. It was brought before the convention by a special committee apointed to investigate the subject which was read by Rev. Dr. Carl Grammer. This report favored the election of a negro missionary bishop. Dr. Grammer and Rev. J. Henning Nelms, both of whom are native Virginians, spoke strongly in favor of the report.

Threatening Letters.

Goldfield, Nev., May 9.—The case of the State against Preston, Joseph and Vincent St. John, labor leaders, for murder, will go to the jury today. The witnesses for the prosecution and attorneys and judge as well as the jury are under threats of unknown assassins, who have threatened them with death in case of a conviction, and it is feared it may effect the jury, especially upon those who reside at Goldfield. The postoffice authories have offered a reward of $10,000 for the arrest of the writers of the threatening letters which have been received by Judge Langan.

LETTER TO BERNHEIMER & CO.,
Alexandria, Virginia.

Dear Sirs: Such experiences as this are occurring all over the country.

Judge I D Fairchild owns two houses, exactly alike, in Lufkin, Texas. J M Torrence painted both houses, one Devoe, 15½ gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 per cent. whiting; that's why it took 9½ more.

Preparing for Elks.

Philadelphia, May 9.—That the city will help make the coming convention of the Elks in July a huge success by building a gorgeous court of honor running from Race street to Spruce is regarded as practically certain as a result of a conference between the executive committee of the Philadelphia Lodge, No. 2, B. P. O. Elks, and a joint council's committee, held recently at City Hall. Not only did the councilmanic committee gives its strong approval to the project of beautifying Broad street during convention week with a magnificent court of honor similar to that erected during the peace jubilee, but also Mayor Reyburn, when visited by the Elks, declared that he will do his utmost to have Councils appropriate a sufficient sum. Besides the court of honor, it is proposed to decorate and illumine City Hall more elaborately and brilliantly than has ever been attempted before, in honor of the thousands of Elks who will come here from all parts of the country. The Elks do not want the city to contribute one dollar towards the actual entertainment of the visitors, but ask that Councils, out of civic pride, decorate the city in fitting fashion. Fifty thousand dollars, it is expected, will be ample to build the court of honor and illumine City Hall. An ordinance will be introin Councils to provide this sum.

The Burns-O'Brien Fight.

Los Angeles, May 9.—Notwithstanding the fact that he lost the decision to Tommy Burns, after twenty rounds of fighting last night, Jack O' Brien today appeared in much better shape than his victorious opponent. Both men were badly cut up during the fight, O'Brien's left jabs having their effect on the Canadian, while the latter bore in heavily on the Philadelphian toward the close of the bout and soon had him bleeding from the effect of the right and left swings. O'Brien appeared anxious for another meeting with Burns and expressed himself confident of reversing the decision. Burns stated that he would give the Philadelphian another chance and was equally confident that he could again defeat the quaker. Burns was given the decision solely on account of his aggressiveness, he having carried the fight to the foxy Philadelphian's territory throughout the entire mill.

The Haywood Trial.

Boise, Idaho, May 9.—No socialistic meetings will be permitted in Boise while the present trial is in progress. This the ultimatum of Mayor Haines just delivered to Dr. Horman F. Titus, of Toledo, O., editor of the Socialist News published in Seattle. The real significance of the matter, however, is not Titus. He merely is a pawn in the game. Eugene Debs declares he is coming here as soon as the jury is selected to watch the proceedings. It was decided at a meeting of citizens today that the mayor be demanded to see Debs as soon as he arrives and warn him he must make no public speeches along socialistic lines during the trial; also to be careful of his public utterances. If not they will insist that the mayor compel him to leave town. The feeling on the surface is exceedingly friendly, but underneath it is growing daily more bitter and before the trial finally ends an outbreak may come.

Conditions in San Francisco.

San Francisco, May 9.—Cars will be run again over the principal lines of the United Railway roads some time today, and if there is no recurrence of rioting there will be an attempt to re-establish car service over the entire system. President Patrick Calhoun officially announced today that he is well satisfied with the situation and considers the backbone of the strike broken. He says he is convinced that if the police will afford the company a small amount of protection it will be sufficient to enable the running of cars again. He agrees not to arm his men if the police will grant them protection. There is no hope of a compromise between Calhoun and the union, as he will have no dealings with the organization.

Baltic Still Aground.

New York, May 9.—The big White Star liner Baltic, which went aground in the lower bay last night while outward bound is still fast in the mud off Sandy Hook. A fleet of tugs is working to pull the liner off the bar, although but little hope is expected that she can be floated before night at best, as it is now low tide. The last seen of the Baltic she had listed heavily to starboard. Her position is such that if a heavy sea should start running she would be in great danger. Owing to the heavy fog which still hangs over the bay the Baltic is a contant menace to traffic, as she nearly blocks the ship channel.

He has known her for six years. Carpenter is 55 years old and Miss Goodrich is 32. Carpenter says: "It is hard to explain such things to persons who do not understand the ways of heaven."

Railroad Accident.

Chicago, May 9.—Two people were killed and a number injured today when a Chicago, Burlington, Quincy suburban train, heavily laden with city-bound passengers, jumped the track at Millard avenue. The train was running at high speed. The engine apparently struck an obstruction, left the rails, turned turtle and plowed its way through the soft prarie soil. Engineer Newland and his fireman made an effort to jump, but were caught beneath the tender and badly injured. The first coach turned on its side and crumpled like cardboard.

New York Stock Market.

New York, May 9.—The stock market was under pressure again this morning. Delaware and Hudson made about the only important gain, moving up to 193½. Interborough and Brooklyn Rapid Transit were weak issues, being forced below 20 points from yesterday's selling. Southern Pacific, Pennsylvania and Amalgamated made fractional gains. Government bonds were unchanged; other bonds quiet.

Burns Wins.

Tommy Burns, the Detroit heavyweight, succeeded in defeating Jack O'Brien, of Philadelphia, in a twenty-round bout before the Pacific Athletic Club at Los Angeles, Cal., last night. Burns was awarded the bout on points. The fight, which attracted a large crowd, was far from being a satisfactory one, on account of O'Brien's tactics. Instead of standing up and making a fair and square fight out of it, O'Brien was evidently afraid of Burns, for he clinched at the slightest opportunity, much to the disgust of the crowd, who jeered him as he took his chair. Burns was eager to mix it throughout. He swung desperately, and managed to catch Jack at close range. These blows shook O'Brien up, and he kept out of danger as often as he could. In the second round Burns drew first blood from O'Brien's lips. In the first round Referee Eyton declared off all bets. It was announced that O'Brien had injured himself while in training. All bets were declared off. The spectators were with the Canadian all the way. He chased his oppodent around the ring throughout the match. The victor may meet Bill Squires for the championship of the world.

Incipient Riot in Richmond.

An incipient riot, in which two policemen and about 400 negroes participated, broke out in the vicinity of the crematory in Richmond yesterday afternoon. Sticks, stones, and the clubs of the officers were used in the battle. The officers were savagely assaulted by two negro women and a crazed negro man. Baker Cheatham, fifty years old, became suddenly insane and ran amuck. The cries of the man when the officers attempted to arrest him attracted the attention of Sally Cheatham, his mother, and Sallie Cheatham, his sister, who fell upon the police with such weapons as they could find in the street. The police finally succeeded in beating their assailants into submission, but not before four or five hundred negroes had gathered in the streets and attacked the police, many of them hurling stones and sticks at the officers.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

AS TO RHEUMATISM.

A well-defined case of rheumatism is generally recognized by medical men as one of the most difficult problems with which they have to deal. It has been found, however, by the experience of able physicians that much benefit results from putting the sufferer from rheumatism under the following treatment: Before each meal there is administered an anti-rheumatic tablet composed of 2½ grains Sodium Bi-Carbonate, 3 grains Salicylic Acid and 1 minim Wine of Colchicum. This is to be followed immediately by a glass of water. After each meal the patient is given a tablespoonful of a preparation of 1-4 oz. Fluid Extract of Buchu, 1 dram Fluid Extract of Horse Nettle, 1 oz. Amet Cordial, 1-4 oz. Fluid Extract of Liverwort and 14 ozs. water. The treatment, continued for a month, is said to give most gratifying results, even in unusually stubborn cases. The prescriptions given above any good druggist can compound.

The Midgets Case.

As has been stated in the Gazette, Messrs. Brumback and Smith, counsel for George Midgets, colored, sentenced to be hanged in this city on the 24th instant for the murder of Charles T. Smith on October 20, 1906, have received a letter from the condemned man, now in the Fredericksburg jail, in which he alleges a man has been located who witnessed the shooting and who can testify that Midgets did not kill Smith. Mr. S. G. Brent, Commonwealth's Attorney, in referring to the letter today said that three witnesses who, for some unexplained reason, were not put upon the stand at the trial, can be brought to the front who will, if requested, positively identify Midgets as the murderer. Mr. Brent said that there was not the slightest probability of Midgets being granted a new trial, but in such an improbable event the new witnesses would testify as to the identity of Midgets.

Invitation to Templars.

The Knights Templar Commandery of this city has just received an invitation from the Chamber of Commerce at Albany, New York, inviting the Commandery, or its delegates, to visit Albany in connection with their trip to the Grand Encampment of the Knights Templar of the United States of America, which will be held at Saratoga Springs, July 9th to 13th. The invitation is in itself unusually attractive and voices the "old Dutch hospitality" for which Albany is famous. The Albany Chamber of Commerce is one of the most progressive organizations of its kind in the country and is alway ready to greet strangers who may visit that beautiful city.

The Weather.

The fair weather of yesterday morning was followed yesterday evening by cloudy conditions with rain between 7 and 8 o'clock, which continued at intervals throughout the night. About 12:15 the wind blew heavily from the southeast which awakened many people. It soon subsided, however, but not until small limbs had been torn from trees in different sections of the city. A tree on Columbus street, between Cameron and Queen was prostrated by the wind. A tree on the north side of Duke street, near Henry, was also blown down. The weather has been cloudy and threatening today, with a northeasterly wind prevailing.

Held for Grand Jury.

George Garrett, colored, charged with killing Louis Ledden, in Rosslyn, last Thursday evening, was given a hearing at the county court house yesterday before Justice E. F. Thompson and held for the action of the grand jury under bond in the sum of $1,000. Gunning in Cemeteries.

Complaint is made of certain men and boys who prowl through the cemeteries armed with air rifles and shoot robins and rabbits. Apart from violating the game laws, these parties render it dangerous for people at times to visit the cemeteries. The police of this city have jurisdiction extending a mile beyond the limits of the corporation, and the people who make complaint hope that the procedures mentioned above will be brought to a close.

To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Result of Excessive Cigarette Smoking.

Having smoked nine packages of cigarettes in two days and being without food and sleep for three, Harry Reynolds, a fourteen-year-old boy, of South Norwalk, Conn., fell unconscious Sunday evening under a street lunch wagon. When taken to the City Hospital his body was cold and for a time it seemed that he would not revive.

"I knew those cigarettes would put me on the bum," were the boy's first words on regaining strength and a realization of his surroundings. He said that he had paid five cents each for the packages, each of which contained twenty cigarettes, making 180 cigarettes in the two days. He told the doctor that he had begged and borrowed money in the streets for the cigarettes, without knowing why, as the smoke made him ill. The doctors say it is probable that the drugs in the cheap tobacco affected his mind, for he had emerged from secluded spots during the three days he was away from home, only to borrow money or to buy the cigarettes. He had tried to mount the lunch wagon, and fell, head downward, and became wedged between a wheel and a fence. It is probable that he had hung here several hours before he was found.

He Fought at Gettysburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Escaped Lynching.

Thos W. Troy, of New York, was hurried from West Palm Beach, Fla., to Miami yesterday afternoon in an automobile which was run at top speed in order to prevent him being lynched for shooting George N. Newcomb to death.

The tragedy occurred in a saloon a few minutes after Troy went ashore from the steamer Cecilia, which had arrived from South American ports. Troy walked into the saloon and became involved in a quarrel with Newcomb, who had entered while Troy was drinking.

The quarrel was caused by Newcomb refusing to drink with Troy. "I will make you drink," said Troy, pulling a pistol, Newcomb still refused, and Troy fired two bullets into him, causing instant death.

Troy was arrested and the coroner summoned a jury, which returned a verdict of murder. Meanwhile Newcomb's friends gathered and swore they would lynch Troy. The crowd started for Troy, but Sheriff Martin forced the prisoner into an automobile and rushed him to Miami.

Troy says he left the steamer in order to hurry to New York by train. He claims he acted in self-defense.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now.
